To change the theme color background for meeting rooms you can go with the following settings which is shown below. Customize your virtual classroom theme and colors by using the easy-to-use color picker tool

Step 1: Button Color - You can change the record button color which appears near the share screen using this option

Step 2: Tab inactive Color - Using this you can change the tab inactive color which is on the top left. In case you are working on multiple whiteboards then you can give a specific color to active tab and inactive tab.

Step 3: Tab active Color - Change the color of the tab which is active

Step 4: Tools Background - Change the color of the tools background

Step 5: Top Bar Background - Change the background color of the top bar which appears on the top

Step 6: Right Bar Background - Change the background color of the right hand side bar using this option

Step 7: Tools Icon Inactive Color - Change the color of the tools which is inactive

Step 8: Tools Icon Active Color - Change the color of the tools which is active

Step 9: Top Bar Icon Inactive Color - Change the color of the Top bar Icon which is inactive

Step 10: Top Bar Icon Active Color - Change the color of the top bar Icon which is active

Step 11: After applying the specific settings click SAVE
