Our LMS comes integrated with testing platform to deliver any form of tests and assessments to suit your testing needs. Customize your test player theme as per below

Step 1: Login to your "**LMS Platform**" with respective account credentials

Step 2: Scroll over to "**Account & Settings**" tab which can be found under the dashboard

Step 3: Click on "**Look & Feel**" from the drop-down and select "**Test Player theme**" to Edit the menu color.

Step 4: Customize the colors as per your wish using the "**Color Picker Tool**" which would get reflect in test player.

Step 5 : Once the necessary settings are done click "**SAVE**", else click the "**Reset button**" to get the default.
