[Payumoney](#) is the best payment gateway to accept payments in INR (Indian Rupee) and to sell your courses, tests and live classes. PayUMoney uses powerful 128-bit encryption secure socket layer (SSL) for encrypting customer data during transmission.

Follow these steps to generate API key at Payumoney:

1. Goto <https://www.payumoney.com/> and create an account
2. Click on "Seller Dashboard" under your profile name settings:  

3. Scroll to the left menu and go to "Account Details". In the Account details page go to "Merchant-Key Salt". You can find "Merchant Key" and "Merchant Salt" needed for this integration.  

4. Copy the 'Mechant Key' and 'Merchant Salt' and follow the instructions below specific to your BrainCert platform.

---

- [E-learning Platform](#) | - [Enterprise LMS](#)

## E-Learning Platform

1. Login to BrainCert and go to your [membership dashboard](#).
2. Navigate to "Currency & Payments" tab.
3. Click on 'Payumoney' gateway and paste the 'Mechant Key' and 'Merchant Salt' in the relvant text fields and save the settings.  

4. Now, edit or create your course, test or live class and go to *STEP 4: Payment Settings* and select INR as the currency.  

5. Now, you can start accepting payments in Indian Rupee.

# Enterprise LMS

1. Login to your LMS and navigate to "Account & Settings" --> "E-Commerce"
2. Click on 'Payumoney' gateway and paste the 'Merchant Key' and 'Merchant Salt' in the relevant text fields and save the settings.

3. Now, edit or create your course, test or live class and go to *STEP 3: Payment Settings* and select INR as the currency.

4. Now, you can start accepting payments in Indian Rupee.
